

Computing in Cardiology

October 1-4, 2023

Atlanta, GA, USA

 cinc2023.org

50th Anniversary

Emory, Morehouse School of Medicine, and Georgia Tech are co-hosting the world's leading conference on the application of computing and AI for cardiovascular health. Four days of scientific events, prizes and scientific competitions, kicked off by a symposium on health equity by Atlanta's leading researchers in this space.

The venue for CinC 2023 is the Georgia Tech Global Learning Center in Midtown Atlanta, and we expect to welcome 300+ on-site and 200+ online attendees from around the world and 400+ papers presented. The scientific sessions and poster exhibition will provide an outlook into R&D in computational cardiology.

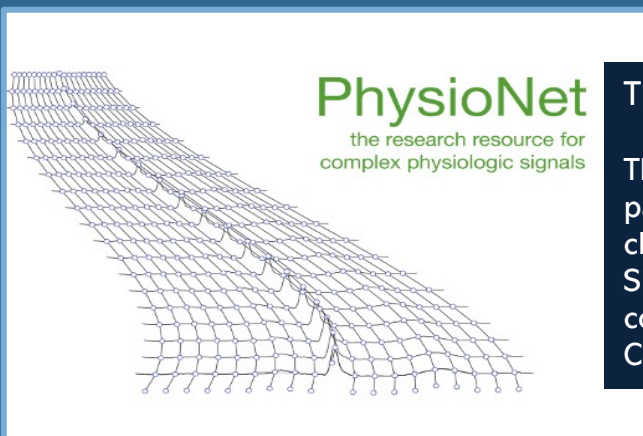

Aquarium Gala

CinC 2023 will host a gala on Monday, October 2, 2023, at the Georgia Aquarium. With two large aquatic observation windows, the conference attendees will have face-to-face opportunities with exotic fish and animals from every corner of the globe.

Social Events

Atlanta is known as “the cradle of the Civil Rights Movement”. CinC 2023 will provide bicycle and bus tours to visit important places where Black leaders fought for voting rights, access to public facilities and institutions, and economic and educational opportunities for African Americans.

PhysioNet

the research resource for
complex physiologic signals

The PhysioNet Challenge

The annual George B. Moody PhysioNet Challenges invite participants to develop algorithmic approaches tackling clinically interesting questions that remain unsolved. Since the launch of PhysioNet in 1999, PhysioNet has co-hosted these Challenges in collaboration with Computing in Cardiology.

Sunday Symposium

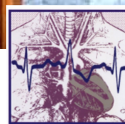

Health Equity and Cardiovascular Disease

Oct. 1st, 2023, 12pm -5pm

School of Medicine,
Emory University

100 Woodruff Cir. NE,
Atlanta, GA 30322

SCHOOL OF MEDICINE

50TH ANNIVERSARY

Computing In Cardiology 2023

Sierra Carter, Georgia State University
PhD, MS

Racial discrimination and accelerated aging

Natalie Hernandez, Morehouse School of Medicine
PhD, MPH

Enhancing cardiovascular health equity in pregnant and postpartum persons

Dayna A. Johnson, Emory University
PhD, MPH, MSW, MS

Sleep health disparities and their impact on cardiovascular disease

Tené Lewis, Emory University
PhD, MA

Assets, credit and ambulatory blood pressure in African-American women

Amit Shah, Emory University
MD, MSCR

Post-traumatic stress disorder and cardiovascular disease

Herman Taylor, Jr., Morehouse School of Medicine
MD, MPH, FACC, FAHA

Framing the African American experience of inequity in health through the lens of the Jackson Heart Study

SPONSORSHIP PACKAGES

Platinum Sponsorship: \$10,000

- Opportunity to participate in Hackathon Awards Ceremony at Closing Session
- Platinum Sponsor tier virtual booth on CinC 2023 virtual platform
- Three complimentary in-person or remote registrations
- Company logo featured as Platinum Sponsor on CinC 2023 website, Twitter profile, and post-conference materials
- Verbal acknowledgement as Platinum Sponsor at Opening and Closing sessions
- Acknowledgement as Platinum Sponsor, logo featured on slides before each session & on posters at the meeting entrance
- Full 6'x30" table to share informational material (includes chairs, electricity, Wi-Fi)

Gold Sponsorship: \$5,000

- Two complimentary in-person or remote registrations
- Gold Sponsor tier virtual booth on CinC 2023 virtual platform
- Company logo featured as Gold Sponsor on CinC 2023 website, Twitter profile, and post-conference materials
- Verbal acknowledgement as Gold Sponsor at Opening and Closing sessions
- Acknowledgement as Gold Sponsor, logo featured on slides before each session and on posters at the meeting entrance
- Full 6'x30" table to share informational material (includes chairs, electricity, Wi-Fi)

Silver Sponsorship: \$2,500

- One complimentary in-person or remote registration
- Silver Sponsor tier virtual booth on CinC 2023 virtual platform
- Company logo featured as Silver Sponsor on CinC 2023 website, Twitter profile, and post-conference materials
- Acknowledgement as Silver Sponsor, logo featured on slides before each session & on posters at the meeting entrance
- Shared table to share informational material (includes chair, electricity, Wi-Fi)

To proceed with payment of sponsorship, please find "CinC 2023 Payment Instructions" attached.

The fair market value of each in-person registration is \$650. The sponsorship amount in excess of the fair market value will be treated as a charitable contribution. If you prefer not to receive complimentary registrations, the full value of the sponsorship will be treated as a charitable contribution.
